

Observations Practice Scenario

While performing your TA visit, you observe the following:

Note: this document will be filled out after you leave the store.

- A sign on the door states that WIC participants who shop at the store during the upcoming holiday weekend will receive a free insulated lunch bag. In small print, the sign states that non-WIC shoppers do not qualify for this gift.
- The above mentioned sign has a large WIC logo printed in the upper right corner.
- The expiration date on the Enfamil ProSobee infant formula is the day after your store visit.
- During checkout, a WIC participant is told she must buy the \$2.99 store brand of 100% Whole Wheat bread instead of the \$4.99 Oroweat brand of 100% Whole Wheat bread that she has in her cart.
- You see ants streaming to a puddle of juice spilled in the corner near the front door.
- You ask to see the Health Permit and learn that it is not posted anywhere.
- You count 50 Food Instruments (FIs) and find 21 that do not have purchase prices written on them.
